

Recreation Advisory Committee minutes

8/10/21

Meeting called to order at 5:15pm by Chairperson Kendle.

Those in attendance: Kendle, Piekarski, Jordan, Brown, Anderson, Cioffi, Gartrell, McAllister. Absent: Sood, Young, Eagles.

Public Comments: none

Old Business:

Approval of minutes from the last meeting: A motion was made and seconded to approve the minutes from the July meeting. All in attendance approved the minutes.

Summer program updates: A brief update was given on summer camp, the city owned waterpark, Zumba/yoga in the park. Despite the challenges of Covid programs are running well.

A Day of Hope review: All in attendance who were at the event agreed that it was a nice event with the potential to grow. I suggested if this event happens again that it not be discussed at the Recreation Advisory Committee meeting. While a positive worthwhile event, its not recreation. If the members of this committee want to volunteer to plan similar type event that's not a problem. It just cant include recreation or the City.

Chairperson Kendle asked me to explain why City funds couldn't be used for the gospel event. I explained because state law prohibits such from happening. Committee members chimed in that its not just a state law but federal law that has been in effect for years.

New Business:

Trunk or Treat: To be determined what type of event it will be, driveby or a more an actual trunk or treat. Stay tuned. Input from the Advisory Committee is welcome, but final decision to be made by the city manager and myself.

Meeting adjourned at 6:15pm
