

**Eagle Oaks Country Club
Annual Honor Day 2022
Educational Program
May 26, 2022**

Eagle Oaks Country Club is hosting their Annual Honor Day on May 26, 2022! We are very excited to have this program in partnership with Fleet Week in New York City.

Honor Day is an opportunity to honor and welcome service men and women from all military branches to thank them for their service. The day is dedicated to all the service men and women of the armed forces that have served in the past, are serving today, or will serve in the future. The day is filled educational sessions, a golf tournament, lunch and a dinner banquet. More importantly, everyone has fun while benefiting various nationwide veteran charities such as Tunnel for Towers.

Eagle Oaks also believes in giving back to their community, which is why Honor Day is offered to local schools as a field trip opportunity. The day begins with an educational program for local schools from 9:00am to 1:00pm. We are also excited to have representation from various ROTC college programs. Lunch is provided for the students. Transportations can also be provided if requested by the school.

This year we will have a lot of fun activities for student. With COVID we are ensuring appropriate protocols and will work directly with you on the protocols.
